## CALL FOR SUBMISSIONS

### Submission Themes

WeCrochet is looking for a variety of crochet designs for single pattern downloads, book, and catalog creation. We have provided mood boards of inspirational images and yarns to use, as well specific designs we are looking for (*please note, there are 2 pages to this PDF*). This call is for crochet designs only.

### Brief Description

Combining fabric and crochet is a great way to give your current wardrobe new life. Consider adding embellishments to what you already have, getting thrifted items to change into something new, or combine pieces you sew with pieces you crochet. Not only is it perfect for yourself but also for gifting. Rather than making a full crochet piece think about adding embellishments to give the handmade touch.

Through this collection we want to support the slow fashion concept. We believe that making your own garments of quality is one way that we can use our craft to make a better future. Projects can include items other than garments as long as it uses both fabric and crochet.

Projects can use already made fabric items, or items that you design yourself.
